PRICES NEW ACCOUNTS OPENING HOURS UNWANTED GOODS

All Trade prices are nett. V.A.T is charged extra.
Applications for new accounts should be sent to the Sales Office Manager at sales@bisley-uk.com.
We are open from 8.30am through to 5.00pm Monday to Friday.
Are accepted at John Rothery (Wholesale) Co. Ltd's discretion and carry a minimum 10% restocking fee.

CREDIT & DEBIT CARD PAYMENTS

We are pleased to accept this form of payment at your convenience. Several accounts now issue instructions for us to take the balance at a certain time and inform them of the amount. We are happy to do this with most credit cards. With a debit card the 2.5% early settlement still applies. We can now accept card payments securely through our website www.bisley-uk.com. For further details please speak to your Representative.

JOHN ROTHERY (WHOLESALE) CO. LTD RESERVE THE RIGHT TO ALTER PRICES, SPECIFICATIONS AND CONDITIONS OF TRADING WITHOUT PRIOR NOTICE. GOODS SHALL BE INVOICED AT THE PRICE RULING ON THE DATE OF DESPATCH.

WEBSITE ORDERING & LINKS

The website is now operational - www.bisley-uk.com. If you have not yet received your log-in details, please contact your Representative. Orders can be placed online and will be processed by the Sales team. There is also an area where consumers can locate their nearest retailer and visit their website. To link to our website, please provide your Representative with your website URL address. The link will remain active whilst your account is in open credit and you are regularly purchasing from us. You can also now view outstanding invoices and send payments online. Again, contact your Representative for further details.

UNAUTHORISED WHOLESALE SELLING, DISTRIBUTING AND INTERNET SELLING

All products and/or brands distributed by John Rothery (Wholesale) Co. Ltd in the UK shall not be distributed to the trade by any other person(s), unless specific permission has been granted by the Managing Director. Neither shall such products be sold via the internet on any person(s) own website, trading website or other third party website or auction website, including Amazon and Ebay. Permission to sell any such products to the trade or through a website will be given on an individual basis. If it is proven that any company is wholesaling/distributing in such products, or retailing such products on the internet without specific permission to do so, that company's trading terms with John Rothery (Wholesale) Co. Ltd will be affected. Goods sold in this way without permission are also exempt from any and all guarantees and/or warranties.

RETURNS

Should you need to return any item/s to us, you **MUST** contact your Representative to obtain a Returns Reference. Goods not in our catalogue that have been supplied as a special order are non-returnable. When returning goods to us, please use the Customer Returns form printed on the reverse of your invoice envelope. If you require credit or a replacement item/s, you must ensure goods are returned in perfect resalable condition and in their original undamaged packaging. If returning goods for repair or servicing, please remove all unnecessary attachments. **If returning weapons, you MUST ensure item/s are not cocked or loaded and are in safe condition to travel.** Please be aware, it is your responsibility to ensure all goods returned to us are packed sufficiently to withstand normal carrier network handling.
Please note: John Rothery (Wholesale) Co. Ltd will not accept liability for loss or damage to goods as a result of the following: Goods returned without a Returns Reference, goods returned with unnecessary attachments, inadequate packing & packaging.

GUARANTEES ON PRODUCTS

All goods supplied by us are guaranteed to be of merchantable quality on despatch. We will repair, replace or credit F.O.C any defective goods returned to us within 10 days of invoice plus carriage costs of such returns. John Rothery (Wholesale) Co. Ltd will underwrite all manufacturers guarantees on goods supplied by this Company.

ALL GUARANTEES WILL BECOME NULL & VOID If it is found that the damage is:- Fair wear & tear, caused by misuse, used for a purpose other than intended by design, modified or adapted from original design or specification, use of ammunition other than that for which the weapon is designed or proofed, application of chemicals and lubricants other than recommended by the Company or works carried out by other persons than Gun Trade members approved by John Rothery (Wholesale) Co. Ltd for specific works.

GUARANTEED DESPATCH & DELIVERY

All orders accepted by 3.00pm Mon-Fri will be despatched same day, delivered by road to U.K Mainland **within 48 hours.**

ADDITIONAL ORDERS

Every order received is processed within 20 minutes to ensure our guaranteed despatch is possible. Any additions placed outside this processing time have to be treated as separate orders.

STOCK GUARANTEE

We guarantee that 95% of items in this catalogue will be in stock at all times. **No orders for items out of stock will be accepted without the clients knowledge and approval.**

NON GUARANTEE REPAIRS

We are more than happy to help members of the Trade with spare parts or repairs if possible, for items stocked by us which are out of guarantee or have come originally from another Wholesaler. Our charges are based on Trade Prices for spares, time & transport. Minimum charge is £10 exc V.A.T. Please ensure all goods for repair/warranty are packaged correctly, we cannot accept any liability if goods are damaged in transit.

DISPUTES (INCLUDING DELIVERY DISPUTES)

All delivery discrepancies need to be reported within 48 hours of delivery. In the case of any disputes, John Rothery (Wholesale) Co. Ltd undertake to accept the findings of an independent and mutually acceptable Arbitor appointed by the Gun Trade Association.

COMPLAINTS

If you have any complaints or problems with John Rothery (Wholesale) Co. Ltd please contact the head of department concerned. When a client has a problem the department head **will** personally contact the client and investigate action within 24 hours and **will** maintain communication with the client until the matter is resolved. Should any client feel for any reason at odds or aggrieved with the company please ask to speak to Mr Bob Rothery who **will** make himself available.

ADVICE & SUGGESTIONS

We would be happy to receive any advice or suggestions or indeed criticism that the trade may care to make to enable us to improve our service.
Please note: Telephone calls may be recorded for training purposes.

Dear Customer

Welcome to catalogue No.35. Someone asked "is 35 the age of the company or the number of catalogues we have produced?" Neither, we became a limited Company in 1971 so we are into our 44th year of growth and looking forward to many more, we are just getting going. On the number of catalogues, we did not produce one every year so we think this is our 29th catalogue.

What's changed? Well, everything and nothing. We continue to invest in more members of our team, you can see their ugly mugs on the rear cover. We continue to invest in IT and the advantages the modern world has to offer. It's a strange thing IT, we all complain about it going wrong, but wow, the things it gives us; Time, Information, Management & Evaluations. We continue to battle to get 100% of products barcoded and I think we are winning. On this, think about investing in an EPOS (Electronic Point Of Sale) system, there is a reason all the High Street shops use them and we think we have found a supplier specifically tailored to the requirements of our Trade. See the page over.

What else? We have many new products, but this year we have focused on gaps that were in our current range rather than new areas. It always amazes me that no two customers of ours buy the same full range of products. Why is that? All our products sell and sell in good numbers, otherwise we drop them. So what makes one retailer buy, sell and re-stock 50% of our products, making good margins, whilst the next shop buys some of those items and a few others! Are YOU missing out? Ask your Rep "what really sells that I don't buy". The more you use us the better value we become, the more mutual profit we make.

So what has not changed? We still use people to talk to you, in English, and at a time convenient to you. We still try to comply with all your requests. We still keep over 95% of stock on the shelf waiting for your orders. You might be able to get an item a few pennies cheaper, but not better or quicker. We still care, customer service is the heart of everything we do. We will work for you.

As always, thank you for your help and custom. If you like what we do, buy more and if you don't, tell us why and we will try to do something about it.

Yours sincerely

Bob Rothery

EPOS Solution

We often get asked about barcoding, stock management and EPOS systems which aim to make everyone's business much easier to manage. We think we have found a solution that could be of great value and in an unprecedented move for John Rothery Wholesale we would like to introduce you to Intelligent Retail's EPOS solution.

- Manage your available stock inventory.
- Many of the JRW products can be pre-loaded onto your EPOS system with descriptions and images from day one.
- Add other products from your complete supply chain.
- Generate re-stocking orders based on previous sales history and future stock requirements.
- Create an online presence with a customised website template to generate online sales with less effort.
- Add your product range to your customised website and take online orders with less administration.
- Sell in store. Also list selected products online with Amazon and eBay.
- Use the EPOS solution to gather your customer's information, creating mailing lists for future use.

Intelligent Retail, a family business that has been selling EPOS and eCommerce Websites to small retailers for over a decade, is working closely with John Rothery Wholesale, the market leading distributor to the UK gun-trade. The aim is to enhance the retailer's ability to carry the correct stock levels at the right time of year with full access to John Rothery product information. This solution allows retailers to sell directly from stock in store, online or on marketplaces like eBay and Amazon. Please call us for more information.

THE BIG LINCOLN GIVEAWAY

1.

CONSUMER INCENTIVE The Italian Job

Every consumer who purchases a gun receives a winning John Rothery Wholesale scratch card. Prizes include; Venice for two and a tour of the Lincoln Shotgun Factory, Croots leather gun-slips, binoculars, shotgun cleaning kits and Bisley gun oil.

2.

RETAIL SALES ASSISTANTS INCENTIVE Points Make Prizes

Points are awarded for each new Lincoln shotgun sold to consumers, these points can be redeemed against Lifestyle vouchers (High Street, Leisure and Travel voucher), Holidays, Gifts and thousands of Experiences. They can also be accumulated to purchase a higher valued prize.

3.

RETAILER TRADE INCENTIVE Viva Las Vegas!

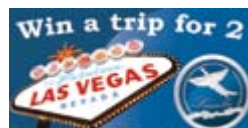

Win a trip for two to the Shot Show in Las Vegas. Each Gun bought into stock generates an entry to the prize draw, at the end of the incentive the winner will be chosen at random.

**Offer expires 30th April 2016.
Call us for further details.**

F.A.I.R Shotguns

The new F.A.I.R. "Iside" marks the rebirth of the side-by-side. The refined and complex construction process of a quality side-by-side shotgun are intrinsically difficult; the Iside possesses unique quality. Their attractive appearance brings an element of style to the top level of the traditional market. Only available in 20G and 28G for the discerning shot.

Offer expires 30th April 2016.
Call us for further details.

Iside & Iside Deluxe

Attractive chrome finished steel action is modest yet beautiful. The Iside features a dedicated action body for each gauge, keeping handling at its best. Fine checkering to the stock and fore-end and fret-worked top lever add to the overall beauty of the Iside. The Iside Deluxe features scroll engravings to the action.

SSX12 Semi-Auto

The new F.A.I.R. SSX12 semi-automatic shotgun operates on the principle of inertia utilising kinetic energy. It is the answer to customers' requirements for a semi-auto shotgun at the same quality as the superb O/U and S/S guns from the factory F.A.I.R. The SSX12 system is the newest type of reloading system. It has an extremely simple mechanism which needs the minimum of maintenance, unlike normal gas-operated semi-automatic shotguns, that need constant cleaning and maintenance. The SSX12 Semi-Auto is proofed for steel shot and features F.A.I.R.'s X-Cones technology to reduce recoil.

Lincoln Premier

The Premier model's mechanic assembly, selected materials and reliability has made this one of our bestsellers. These models are our way to satisfy the need for an elegant and practical hunting shotgun at a very reasonable price. Each Lincoln shotgun features fine-pitch laser checkering with double grip pattern, special three-alloyed steel barrels machined out of bored bars, internally-chromed bore and chambers for improved lifespan and better-distributed shot patterns, long-stroke selective ejectors, single selective trigger and checkered upper rib with anti-flare finishing. Two different dedicated action bodies have been designed for 12G & 20G (28G and 410G use the same action body as the 20G).

Premier

Offer expires 30th April 2016.

Lincoln Elite

Elite

The Lincoln Elite was developed to satisfy the needs of those hunters who require a strong and sound, yet elegant and refined gun. The Elite features a steel action body with chromed finishing, fine-pitch laser checkering with double grip pattern, special three-alloyed steel barrels machined out of bored bars, internally-chromed bore and chambers for improved lifespan and better-distributed shot patterns, long-stroke selective ejectors and checkered and ventilated upper rib with anti-flare finishing.

The Elite is modelled on three different action bodies for 12G - 16G, 20G & 28G, each one sized appropriately for that particular model.

Offer expires 30th April 2016.

Lincoln Jubilee Prestige & Wildfowler

Jubilee Prestige

A classic design with the most modern technologies, the Lincoln Jubilee Prestige is characterised by an elegant and refined style. Features include long side plates, a slender profile and no screws. Beautiful case hardened side plates with five gold plated engravings. The Jubilee Prestige also features thin checkering, wooden butt plate and Prince of Wales stock.

An appealing feature of these shotguns is their exclusive construction based on four different action bodies for 12, 16, 20 and 28G. We are proud to have one of the very few manufacturers in the world offering a 16G over-and-under using an action specifically designed for this size.

Each bore has its own action body (410G is on a 28G action)

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

H&K MP5

The dedicated .22 long rifle is a new, licensed, economically-priced reproduction of the famous MP5 Tactical Rimfire. These rifles are high-quality products at a reasonable purchase price made by Carl Walther, Germany. These models have both metal upper and lower receivers for durability and authenticity.

Each MP5 model boasts a front sight adjustable for elevation (different posts are included) and a rear sight adjustable for windage and elevation for more precise shooting. Additional features, such as the simplicity of the Semi-Automatic blowback operation, make the firearm easy to operate and enhances reliability.

In order to ensure a reliable function the weapons were designed for calibre .22 L.R. H.V. (High Velocity).

H&K 416 & G36

The H&K .22 Tactical Rimfire rifles have both metal upper and lower receivers for durability and authenticity. Each model boasts a front sight adjustable for elevation and rear sight adjustable for windage and elevation for more precise shooting. Additional features, such as the simplicity of the Semi-Automatic blowback operation, make the firearm easy to operate and enhances reliability. In order to ensure a reliable function the weapons were designed for calibre .22 L.R. H.V. (High Velocity).

G36

The HK G36 was designed in the early 1990s as a replacement for the heavier 7.62 mm G3 battle rifle. It was accepted into service of the German armed forces and is used as an infantry weapon in a large number of countries. This genuine rimfire replica offers all the excitement of the original in the cost effective .22 L.R. calibre.

Uzi SMG Rifle & Accessories

Due to a licence agreement between Israel Weapon Industries (I.W.I) and Carl Walther GmbH, we are able to expand our wide range of tactical rimfire weapons. The Uzi SMG works on a blowback action especially designed for .22 l.r. H.V. (HV = High Velocity). The use of high velocity ammunition ensures a reliable function as the velocity of standard loads often vary greatly.

Air Arms TX200, HC & Pro-Sport

TX200

This beautiful springer is not only about looks, but also claims the winning title in World Field Target Championships. The almost recoilless action of this springer makes you think you're firing a PCP, compared to other springers on the market. With little recoil and consistent muzzle velocities, it gives groupings similar to that of the PCP range.

| Barrel Length | 335 mm | Weight | 4.1 kg | Silencer | Built in baffles |

TX200 HC Hunter Carbine

This shorter version of the TX200 has all the attributes of its big brother but comes into its own in small confined areas such as hides. To assist with the cocking it has its own knurled cocking aid and with its built-in internal suppressor, meets the demands of all field pursuits. The HC model also allows for an external sound moderator to be fitted.

Air Arms S200 & S400

S200

These rifles are the result of a close co-operation between Air Arms and the well known company of Ceska Zbrojovka. This combined effort has produced a rifle second to none within its price range. Based on a modular conception and now with the option of either single shot or a detachable magazine unit, it can easily compete in most sporting and target programs. Lightweight and accurate these rifles are finished to a high standard. S200 Target model is also available - please see page 16.

See page 18 for the S200 Target model.

S510 Ultimate Sporter

Air Arms has an unrivalled heritage of producing match winning field target rifles and world class sporters, and it was inevitable that the finest aspects of these superior airguns would meet in the creation of something extremely special. The result is the S510 Ultimate Sporter, a rifle designed to give hunters the advantages that make Air Arms' FT shooters the best in the world. First, there's the proven S510 technology in a recoilless, precharged pneumatic, 10-shot action, with near-effortless sidelever cocking and loading. Add a precision, adjustable, two-stage trigger, a match-accurate, fully-shrouded barrel tipped with a calibre-specific moderator, together with the renowned Air Arms autoloader system that lines up your next shot at the flick of the sidelever, and the Ultimate Sporter can't fail to impress any hunter who demands the best. Now consider the rifle's incredible, super-tough, ambidextrous laminated stock, complete with fully-adjustable cheekpiece, sliding butt pad, integral accessory rail and sling swivel studs, and you're holding a hunting rifle that puts you in total charge of every shot. You're holding the S510 Ultimate Sporter - a rifle that truly lives up to its name.

Air Arms High Power FAC

S500/510 High Power

This is the ultimate hunting air rifle. With a flat trajectory and high velocity, wind and distance has less influence in the hunting field compared to its 12ftlbs brothers. With the all new side lever action, it makes this rifle a pleasure to load. With its power adjustability it is at home in open country or in and around buildings. Power adjustable to as low as 7ftlbs, ideal for use in barns or other buildings. The High Power FAC Air Arms rifles are all Xtra High Power as standard. Some models are also available in Carbine length.

Air Arms HFT500 & FTP-900

HFT 500

The Air Arms HFT 500 is a specialised rifle and worthy of winning trophy after trophy in hunter field target competitions. We can say this with confidence because it provides the shooter with everything required to win. All you need to do is provide the talent - and the HFT 500 will do the rest.

Palm Rest (Hamster)

To win a hunter field target competition, you need a rifle which will produce consistent accuracy right out to 50 metres, in all kinds of weather from chilly sub-zero temperatures to the intense heat of midsummer. Add rain, wind and the demands of these changing conditions and you will quickly find that a successful hunter field target rifle is a specialised piece of equipment.

| | | | | | |

| Total Length | 1020 mm | Sights | None. Machine cut scope rail | Loading | Single shot. Sliding breech |
| Barrel Length | 485.5 mm | Weight | 3.7kg | Silencer | None |

FTP-900

Air Arms has always been a pro active company when it comes to listening to what the shooter requires. This shows through if you look at the evolution of the flagship rifle the EV2 and its predecessor. Air Arms have moved the boundaries even further than anyone could have imagined.

The FTP-900 has used the latest design and technology available within the engineering industry, from the all new multi-adjustable butt hook system, right through to the intricate air diffuser on the front of the rifle's barrel. The bullet points below show just how much the FTP-900 has evolved:-

- The stock:- A complete redesign incorporating new features, such as a new pistol grip giving better hand to grip to trigger feel and additional support to the hand. The rear of the stock has the all new Butt pad and Butt Hook design, the adjustments are endless.
- The main action has been totally reworked to give greater rigidity and practicality with a new chassis system forward of the valve housing area to incorporate the barrel support bracket. The action housing has incorporated Air Arms latest "Smooth Lines" directive; this is a new concept which makes for a very tactile and ergonomic look and feel to the whole aspect of the air rifle.
- The trigger has additional improvements to help the end user fine tune even further the already world class leading feel, helping to enhance the smooth crisp operation.
- The regulator, a highly complicated system at the heart of the air rifle, the FTP-900 regulator has been totally readdressed. Much thought has gone into the valve seat and piston head design to give the latest system the reaction time never seen in a production airgun before.

The 4 points listed above are a few of the changes, but, are huge leaps forward. The ones you cannot see, are too many to list.

Air Arms complete product catalogues are available upon request.

Air Arms Biathlon & Target Shooting Accessories

MPR Biathlon

The Air Arms Precision Biathlon rifle delivers world-class accuracy. Air Arms is known for making extremely accurate guns, and the Biathlon is no exception. This air rifle is dressed in a unique white poplar stock with adjustable black cheekpiece and rubber buttpad. Keep your extra rotary clips in the slots of the right-hand forearm. Load them before each match so there's no fumbling when the pressure is on.

Ergonomically designed, the stock has an adjustable cheek piece and comes with a sliding rubber butt pad. Metal butt hook assembly is available as extra. Spacers for the rubber butt pad are also available. The stock also features an external rail, allowing the fitting of a sling, gun rest or palm rest, or weights if required. Also includes storage for up to four Biathlon 5-shot magazines. Four magazines are included, and they are available to purchase separately.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Hammerli AP20 Match Air Pistol

Hammerli sporting arms are known for their functionality, longevity and modern design. In addition, they offer excellent value for money. The AP20 permits a large range of custom variations and weighs only 900g, making it the ideal air pistol for beginners, youths, target clubs and ambitious recreational shooters. Important components like the grip, trigger, barrel and sight are the same as in a full-fledged match air pistol. Manufactured by Carl Walther GmbH, Germany.

Airgun Charging Equipment

Jubilee

Hydrotech

300 BAR Air Cylinders

Now with the choice of either Jubilee or Hydrotech valve, both include 300mm microbore hose. 5-year test cycle. Our cylinders are CE marked and are type approved for use in the UK and European Union. Available **3l**, **7l** or **12l**. **Further discounts are available for pallet quantities. Cylinder service kit also available.**

Microbore Hoses

With 1/8" BSP female ends. PVC coated stainless steel. Extremely durable, flexible and almost indestructible. Available **300mm**, **600mm** and **1000mm**.

Hydraulic Gun Hose

With 1/8" BSP female and 1/8" BSP male ends. PVC coated stainless steel. Extremely durable. Measures 300mm.

Cylinder Transporting Cradle

Strap Prevents cylinders rolling in transport. Heavy duty webbing with comfortable moulded rubber handle.

DIN Airgun Charging Kit

Push Button DIN Charging Kit with 450mm Microbore Hose. Fitted with a Removable Flow Restrictor. Ready to attach with 1/8" BSP Filling Adaptor.

Quick Coupler Starter Kit

This handy kit is compatible with all 1/8" BSP fill probes and connectors. Includes Coupler, Plugs, Bonded Seals and Pressure Test/Dust Plug. Contains instructions. **Plugs, Socket & Pressure Test/Dust Plug also sold separately.**

Generic Fill Probe

Generic Fill Probe, fits Logun, Webley, FX, Hatsan, Ripley, Prestige, probe fill rifles.

BSA Fill Probe Kit

BSA Fill Probe Kit. Fits BSA R10 / T10, Ultra, Scorpion, Sportsman and all other BSA Probe Fill Range.

Buddy Bottle Adaptor

BSA Buddy Bottle Filling Adaptor. Also fits Theoben Rapid buddy bottle (not MFR).

HW100 Quick Fill Probe

Weihrauch HW100 Fill Probe.

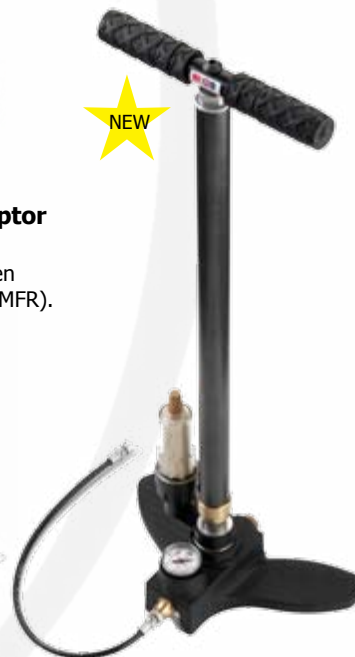

Career 707 Fill Probe

Career 707 / Shinsung fill probe.

Dry-Pac Kit MK4

Removes 90% of moisture. Includes all connectors & one sachet of Dry-Pac. **MK2 and MK3 kits also still available.**

Hills Pump MK4

New model requires less effort. Includes hose with 1/8" BSP connection. Lifetime limited warranty. Dry-Pac Kit sold separately.

Double Male Coupling

For fitting hoses to valves. 1/8 to 1/4 BSP or 1/8 to 1/8 BSP.

Dry-Pac Refill

Ideally should be replaced every 4-6 months.

Air Arms Adaptors

S470

Male adaptor for pre-2006 Air Arms models.

S468

Female filling adaptor for pre-2006 Air Arms models.

S472

Male adaptor for 2006-current Air Arms models.

S475

Female filling adaptor for 2006-current Air Arms models.

DIN Adaptor

1/8" male to DIN female adaptor. 300 BAR.

Cometa Indian, 50, 100 & 220

Heirs to a centuries-old tradition of high quality gun making, Carabinas Cometa are specialists in the development of craftsman-built air guns. As a result of their extensive experience in manufacturing airguns and the constant effort to innovate their products, we are able to offer high quality airguns. All components of the airguns are manufactured in Spain. In particular, the barrel, stock and tube - are manufactured and controlled by Cometa itself. All airguns are individually tested and calibrated.

Indian Pistols

The Indian pistol by Cometa is a spring and piston airgun that gives the maximum power possible for air pistols. The barrel is cold precision hammered for accuracy. The competition trigger is formed from aluminium & steel, providing high resistance. The anatomical grips are styled for comfort and ease of handling. The Cometa Indian pistol gives a good training feel for those shooters of this level.

Black includes Pouch.
Nickel includes Hard Case.

Daisy, Beeman & Co2

Daisy Powerline Pistols

There is nothing quite as fun and exciting as pistol shooting. Contemporary styling, with year after year of proven performance - the hallmark of PowerLine® and the reason why it continues to be the first choice of more shooters.

415 Kit by Daisy

Includes the 21-shot, semi-automatic, CO2-powered BB repeater, shooting glasses, three 12 gram CO2 cylinders, targets and BB's. Open rear sight with fiber optic front sight and manual trigger block safety. Maximum velocity of 495 feet per second.

340 by Daisy

A spring air pistol that features a 200-shot BB reservoir with a 13-shot speedload magazine located in the grip. Once the reservoir is loaded with 200 BBs, you just pull the Speedload Clip tab all the way out, shake the pistol and push the tab back in to reload the Speedload Clip without removing the magazine.

5170 by Daisy

This versatile CO2 semi-automatic pistol features blade and ramp front sights and open rear sights with upper and lower rails for mounting additional accessories. This pistol comes with a 21 shot BB drop-in clip.

1938 Red Ryder by Daisy

A Daisy Red Ryder has been the dream of youths since its introduction in 1940. Now featuring a metal cocking lever, with its solid wood stock and forearm, lariat ring with a leather saddle thong, today's Daisy Red Ryder is the spittin' image of the one you cherished growing up!

Beeman 2004E

The 2004E has absolutely no recoil or spring jump. A functional, built-in muzzle brake prevents any tendency for muzzle flip. Calibre .177 pellets only.

Beeman 1084 Carnivore

Kit including .22 rifle, 3-9x32 scope and mounts. This full powered break barrel rifle features a fluted barrel and camouflage pattern synthetic stock.

Supergrade XS19

Break barrel .22 full powered rifle offers great value for money. Perfect for beginners and occasional shooters. Features include adjustable rear sight, fitted recoil pad and machine cut grooves to enable scope and mounts to be fitted.

Available Standard or Heavyweight.

Paintball

JT Outkast Paintball Marker Kit

Ready to play! Kit includes JT Outkast Paintball Marker, Protective Safety Mask, 200 Ball Hopper, 90g Co2 Cartridge, 50 Paintballs and Squeegee Barrel Plug.

The JT Outkast Paintball Marker has a semi-automatic action, firing up to 8 paintballs per second thanks to its double finger trigger. Picatinny rails all around allow for the fitting of accessories such as lasers and torches.

Protective Safety Mask

- Adjustable strap
- Removable peak
- Rigid face section
- Hard impact visor
- Fully vented to prevent "steam up"
- ASTM safety approved

200 Ball Hopper

Clear lid for easy vision. Will hold 200 paintballs.

CO2 Adaptor

Use to adapt paintball markers to accept 88g CO² as the power source.

Paintballs

.68 cal paintballs. Available sizes:

- Bags of 50
- Bags of 500
- Boxes of 2000 (Bagged in 500's inside)

Silencers

Silencers & Accessories

Silencers by Parker-Hale

1/2" UNF thread. 15 baffles, removable for cleaning.
Available in Steel (proofed or unproofed) or Lightweight Aluminium.

Q-Tec Silencers by Air Arms

1/2" UNF **male** or **female** thread. Reduces muzzle report by 27.58% down to 58.2 dB on Air Arms rifles at 1m. 10.92% more effective than the market leader. Weighs just 200g.

Universal Silencer by Parker-Hale

Fits 83% of barrels quickly & effectively.

Phantom Silencers

Carbon fibre casing. 1/2" UNF thread. Adjustable internal weight reduces muzzle flip. Weight 94g. Length 185mm.
.22 proofed model available.

Screw Thread Adaptor by Parker-Hale

Adds a 1/2" UNF thread to most barrels 13.5 - 16mm in diameter. No cutting required.

Double Male Conversion by Parker-Hale

1/2" UNF male to 1/2" UNF male adaptor.

Spare Baffles by Parker-Hale

Set of 15 spare baffles for Parker-Hale silencers.

Screw Cut Collar by Parker-Hale

To protect threads.

Bisley Silencers

No drilling or tapping. No filing or cutting. No adaptors.

Numbers 3 & 5

No.3 Fits Airsporter, Mercury, Supersport, Superten, Relum, Meteor. HW99.
Fits most 15.5mm barrels.

No.5 Fits ASI. Elgamo. HW35 E & K (needs filing). Original 24 & 50. Webley Hawk & MKI Vulcan. HW97. Cometa 220, 300 & 400.
Fits most 15mm barrels.

No.6 Fits HW77 MKI II & III with sight remaining.

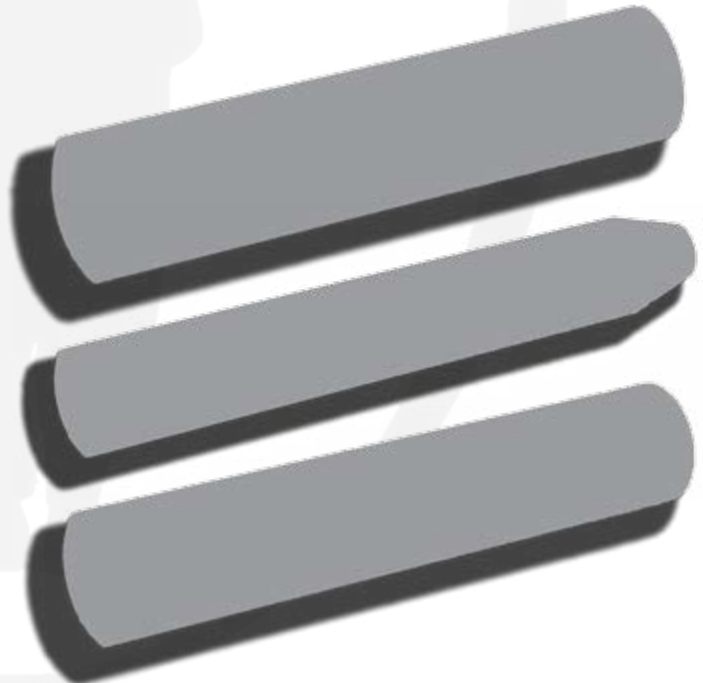

Rabbit Stopper Fits Gunsport Rabbit Stopper. Slip over barrel, secures with grub screw.

Number 6

Something NEW is coming... (Not that you would hear it!)

Silensave by Napier

A simple effective chemical that is sprayed directly into either end of the moderator prior to storage, The specially formulated chemical is dispensed with a very low pressure aerosol that creates a mist within the can, ensuring a very fine but even coating on the internal surfaces and baffles. Contains Napier's VP90 corrosion inhibitor.

Parker-Hale Silencers

A new range of Parker-Hale silencers is due for release in late 2015. Various models will be available, including airgun, 17HMR, .270, Reflex etc. Is there a specific best-selling or difficult to source calibre? Tell us your requirements and we will do our best to fulfill them.

More information will follow, please speak to your Customer Service Representative for further details.

Mainsprings

Ox Mainspring

Ox Accelerator Spring

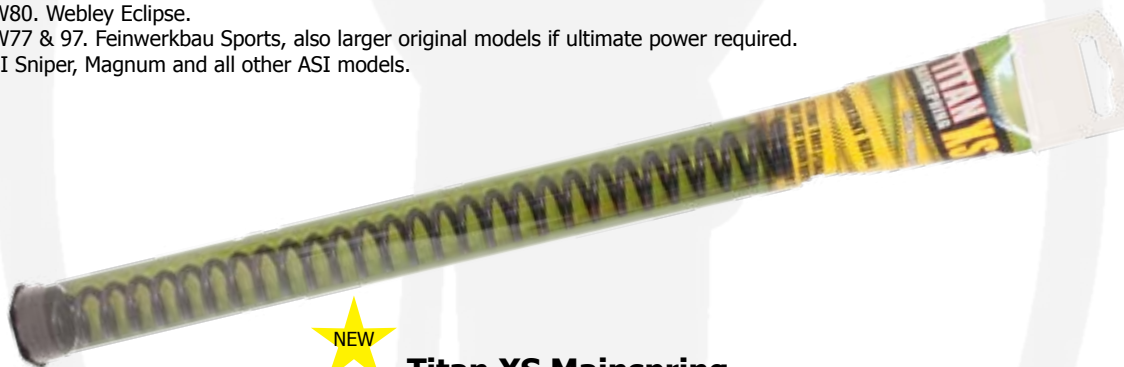

Of the 100,000+ Ox Mainsprings sold around the world each year, it is almost unknown for one to fail. Ox was the world's first square section air rifle mainspring available to the public. They are manufactured from Swedish high-content chrome manganese carbon silicone tempered spring steel with a tensile strength of 250,000 lbs per square inch. Under laboratory tests, Ox Mainsprings have endured 350 million compression cycles.

Ox Accelerator Springs are furnace bake-coated with molybdenum and PTFE for progressive lubrication and rapid acceleration.

When any Ox Mainspring is fitted to an Air Rifle, it is advisable to check the power to ensure it is within the 12ftlbs UK legal limit for low-powered Air Rifles.

Sizes available in each spring are:

- No.1** BSA Lightning, Airsporter, Mercury, Supersport, Superstar, Goldstar. Anschutz 335. Original 35, 38, 45 & 50. RWS 24, 27, 34, 45 & 50. Haenel. Lion. ASI CF 16/20. Webley MKIII (if the spring guide is reduced by 20 thou). HW95 & 98.
- No.2** BSA Meteor. Milbro Diana G80 & 27. Norica. Baikal. Cometa 300 & 400. Cometa 5, 50 & 100 with coil removed. HW57.
- No.3** BSA Superstar (12ftlbs only). Webley (all models except Eclipse & MKIII).
- No.4** HW35 (Diana Orig RWS 48, 52).
- No.5** HW80. Webley Eclipse.
- No.6** HW77 & 97. Feinwerkbau Sports, also larger original models if ultimate power required.
- No.7** ASI Sniper, Magnum and all other ASI models.

Titan XS Mainspring

For over 30 years Titan Mainsprings have been supplied worldwide to airgun enthusiasts, professional airgun customisers and the Gun Trade. Only the finest quality Grade 1 Swedish Silicone Chrome Vanadium Spring Steel is used. We use no mass production methods, each spring is hand wound to an exact specification, then heat treated and tempered to ensure ultimate performance and maximum durability. During final tempering, they are coated with a specially formulated hard, but flexible finish.

The almost friction-free operation of the Titan XS mainspring reduces the possibilities of dieseling to a minimum and increases power by up to 40% for FAC rated air rifles. Fitting this spring may take the rifle over the legal limit. Sizes available are:

- No.1** BSA Airsporter, Mercury, Challenger, 635 Magnum, Supersport, Lightning, XI, XLSE, Superstar, Goldstar, Centenary. Air Arms Firepower, Jackal, Woodsman. Original Mod. 34/35/36/38/45/(48/52std power), 54, RWS Firebird, Falke Mod 80-90, HW77(std power), HW99, FWB 124/127.
- No.2** HW80, Webley Eclipse(FAC), HW90 (to replace gas ram), Pro Elite.
- No.3** HW77(FAC), HW97, Orig Mod 35/45/50, Hammerli 401.
- No.4** HW35, Webley Eclipse(STD), Orig. Mod 48/52/54(FAC).
- No.5** BSA Meteor MK1-5, Diana Mod. 24/26/27/28/G46/70/71/78/79/80, Vostock.
- No.6** BSA Meteor MK6 & MK7, BSA Comet, Crosman Phantom, Mod 800, Hatsan's.
- No.7** BSA Polaris, Webley Tracker, Osprey, Excel, Viscount, Xocet, Stingray, Falcon, Hawk Mk1-3, norica, Relum (using existing inner), Baikal, Cometa 5, Haenel Mod. 303, Gamo Sniper, Commando, Delta, Apache, CF16, Rangemaster, Statical, Magnum, Gunmark Phantom, NAC, HW55 & 55T, Gamo 1000, Shadow, CSI, Whisper, Gamo 68.
- No.8** Webley Vulcan, Victor, Omega, Longbow, Tomahawk, HW95, HW98, Gamo 3000.
- No.9** Air Arms TX200 MK1 & MK2, HW57.
- No.10** Air Arms TX200 MK3, Pro Sport.
- No.11** SMK - All Models (cut to length required) Not XS38, Stoeger X20.
- No.12** Cometa 100, 200, 400, Fenix, Dragon, Comet.
- No.13** Gamo Paratrooper, CF20, CF30, CFX.
- No.14** Diana 350 Magnum, Webley Patriot.
- No.15** HW45, HW25, Orig Mod 20.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Reactive Targets

Targets, Rests, Ammo & Optics

Firebird Reactive Targets

On impact, the target ignites in order to reflect a direct hit. Four models available:

- Airflash** For use with air rifles. 40mm only.
- Airflash Quiet** For air rifles. Produces white smoke and flash without the bang. 40mm only.
- Shooting Star** 65mm target for use in clay pigeons.
- SniperFire** For use with high velocity live fire. Available **40mm** or **65mm**.
- Magplate** Spare Magplates for Airgun Firebirds. In packs of 5 Magplates.

Firebird Displays

Firebird display stands can be sent free of charge with qualifying orders, please speak to your Sales Account Manager for further details. Available in two sizes:

- Counter Top** 34cm x 20cm x 53cm
- Tall Standing** 57cm x 47cm x 156cm

Primal Cut

Special Delivery

Fine Print

Drain Pipe & Go Fetch Combo

Smokehouse & Blood Trail Combo

Look psychotic? They're Darkotic® — the next great line of targets from Birchwood Casey®. 12" x 18" targets in packs of eight of one design. Combo packs feature four of each of two different designs. Each hit on our new splattering targets explodes in a white halo around the bullet hole, so you instantly know where you hit the target. Get them before they get you!

Shoot-N-C Targets

Self adhesive targets where every shot EXPLODES in colour on impact.

- 1" pack of 432 targets (or pasters).
- 2" pack of 108 targets.
- 3" pack of 48 targets.
- 3" pack of 240 targets.
- 6" pack of 12 targets or pack of 60 targets.
- 8" pack of 6 targets or pack of 30 targets.
- 12" pack of 5 targets or pack of 12 targets.
- 17¹/₄" pack of 5 targets or pack of 12 targets.
- 7" **Oval** pack of 12 targets or pack of 60 targets.
- Mixed pack** includes 1" x 60 targets, 2" x 30 targets and 3" x 20 targets.

Shoot-N-Smash Chalk Targets by Bisley

Chalk targets that smash with a puff of powdered chalk when hit. 42mm white discs with Bisley logo. Box of 50 discs.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Knockdown Targets

Rat by Air Arms

Crow by Air Arms

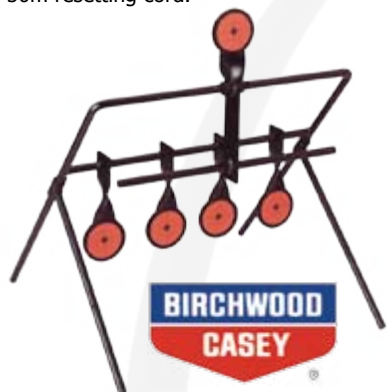

Pigeon by Air Arms

Rabbit by Air Arms

Fall flat targets. Shoot the white "kill-zone" disc then pull cord to re-set. Adjustable sensitivity. Individually wrapped. Includes fixing stakes and 50m resetting cord.

Airgun Gallery Resetting Target by Birchwood Casey

Experience hours of shooting fun with your airgun! Discs are 1³/₄". Shoot bottom four discs, then top disc resets. Extremely popular target, no strings attached!

Resetting Spinner by Gr8fun

Cordless resetting airgun target offering a lower 25mm hole to reset the top 40mm knock over target. Holes in the base should you wish to peg it out.

Gr8fun Targets

Triple Cordless Resetting by Gr8fun

40mm discs. Each top disc shot presents bottom disc. A hit on the bottom disc resets the top disc.

Knockdown Target Pellet Catcher

Knock down the four animal figures, then hit the centre disc to reset. Heavy metal construction and deflective angle to avoid ricochets. Magnetic.

Magnetic Target Box

Hit the ducks to knock them down, then disc to reset.

Knockover Target Box

Mechanical resetting target. Centre plate resets outer four targets.

Airgun Flip Target

Provides great fun and training for shooting over different distances. Four models available:

- 150** For low powered .177
- 250** For medium-high powered .177
- 300** For medium-high powered .22
- 340** For medium-high powered .25

Bottle Blanks Holder by Gr8fun

Sandwiches a short .22 blank between the steel faceplate and blank holder. On target shots will result in a very loud BANG and puff of smoke. Holds 10 blanks at a time.

Swivel Target by Cometa

Target is manually charged, then automatically revolves when target is hit. **Spare Target Faces also available.**

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

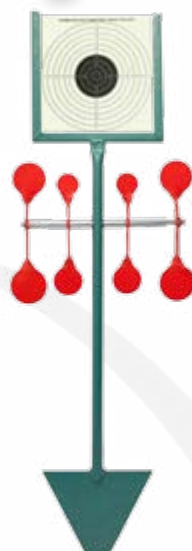

Spinning Targets

Single Spinner by Bisley
Single free-spinning target.

Snooker Spinner Set by Bisley
Bisley paper target holder on top, free spinning discs below. The height of these targets is a total of 76cm. Red & Snooker Sets are boxed.

Red Spinner Set by Bisley

Spinner by Air Arms
Smaller spinning set. Suits airguns. Boxed.

Gr8fun Targets

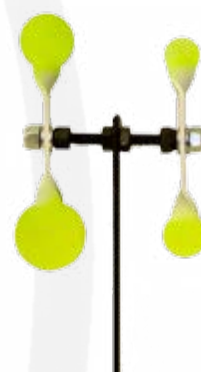

Single Spinner by Gr8fun
Designed to deflect the pellet safely downwards. Available **15mm, 20mm, 25mm, 30mm, 35mm** and **40mm**.

Double Spinner by Gr8fun
A fantastic treepost spinning airgun target. Ideal for leaving on a shoot for zeroing or practising in the garden or on the range. Top disk is 25mm bottom disk is 40mm.

Single Post Spinner by Gr8fun
A simple steel spinning airgun target, an ideal air rifle target for HFT practice. Top 25mm and bottom 40mm discs.

Double Post Spinner by Gr8fun
A simple steel spinning airgun target, an ideal air rifle target for HFT practice. Top 30mm and 20mm and bottom 40mm and 25mm discs.

Resetting Spinner by Gr8fun
Cordless resetting airgun target offering a lower 25mm hole to reset the top 40mm knock over target. Holes in the base should you wish to peg it out.

Garden Spinner Set by Gr8fun
Designed to deflect pellets safely downwards. Targets start at 40mm and go down to 15mm for more challenging shooting.

Rimfire Spinning Targets by Gr8fun
Specially designed for high velocity lead .22 rimfire rifles and .17HMR. Targets are 25mm and 40mm. **Double** and **Triple** sets available.

Gr8fun Targets

Bipods & Shooting Rests

Bisley Rifle Bipod

A lightweight, reliable bipod. Features folding adjustable sprung locking legs & non-slip rubber feet. Attaches to QD stud for quick & easy attachment or detachment. Made from high quality aluminium.

Sizes available to meet every shooter's needs:

- 6-9" Adjustable**
- 9-14" Adjustable**
- 13-23" Adjustable**

Bisley Swivel Rifle Bipod

The Bisley Rifle Bipod with added swivel feature and lever. Features folding adjustable sprung locking legs & non-slip rubber feet. Attaches to QD stud for quick & easy attachment or detachment. Sizes available to meet every shooter's needs:

- 6-9" Adjustable**
- 9-14" Adjustable**
- 13-23" Adjustable**

QD Studs
Short - 13mm
Long - 18mm

Spartan Bipod

Manufactured with heat treated steels & hard alloys. The built-in swivel rotates to either side for instant levelling on uneven ground. Features hinge base with tension adjustment and buffer springs eliminate tremor or looseness.

Quick folding retractable legs extend 9¹/₂" - 13¹/₂" and are infinitely adjustable. Attaches to QD stud for quick & easy attachment or detachment.

Rifle Rests

Three models which are competitively priced, strong & lightweight. Collapsible 3-section poles. Features foam non-slip grip and rubber ferrule for hard ground. **Single 83-187cm. Bipod 90-182cm. Tripod 82-168cm.**

Trigger Stick Gen II by Primos

With just one hand and the pull of a trigger, you can adjust the Trigger Stick to your desired height. Lightweight height-adjustable gun rest and optical gear mount, perfect for kneeling or standing. 360° rotating head.

Single Monopod 84 - 165cm. Bipod 61-155cm. Deluxe Tripod 61-157cm.

2 Point Gun Rest by Primos

Turn any tripod into a stable shooting rest with the 2 Point Gun Rest. Easily adjust the height and tilt.

Bipods by Parker-Hale

Parker-Hale bipods are not made to compete with lightweight domestic models. They are solid, functional aids to professional snipers. Locks into spigot and folds to position.

Original Steel Bipod

Telescopic legs extendable 125-210mm. Weight 675g.

Fixed Spigot Bipod

Telescopic legs extendable 125-210mm. Weight 695g.

Handstop with Spigot

Spigot Only

Shooting Bags & Rests

Shooting Bags by **Caldwell™**
Shooting Supplies

All are shipped unfilled.

Tack Driver

The most user-friendly and effective one-piece shooting bag available. This convenient shooting bag takes the place of two. You can use the Tack Driver almost anywhere, from portable and permanent shooting benches to makeshift positions in the field.

Hunter's Blind Bag

Support and protect your rifle in almost any hunting situation. The Caldwell Blind Bag is the answer when other types of support are unavailable or inappropriate. Quick set-up for accurate shooting when the need for a stable rest is at a premium.

Dead Shot Combo

Every hunter and shooter is looking for a versatile and steady shooting system that can be set up almost anywhere and at any time. Whether you have minutes or seconds to set up for your next shot, the Dead Shot Shooting Bags are the answer. These inexpensive and functional bags continue to set the industry standard for quality and functional shooting bags.

Narrow Sporter Front Rest

This innovative, high-quality leather and polyester Front Shooting Bag will function with most brands of front rests. The exclusive hook and loop tabs allow quick installation and removal from the cradle. The leather gives you a secure rest and the polyester, which will not stretch or sag, allows the bag to hold its shape. This combination makes for the best shooting bag on the market.

Shooting Rests by

Front Rifle Rest

The versatile MTM Front Rifle Rest offers excellent, rock-solid stability at a price any shooter can afford. This three legged rest accommodates nearly any shape of gun stock.

Predator Shooting Rest

The MTM Predator Shooting Rest, with its exclusive solid four-legged stance, provides the stable, rock-solid gun rest that shooters demand of expensive heavy metal rifle rests, only at a fraction of the weight. Lightweight and fully adjustable. The PSR's butt stock support not only levels the rest to uneven surfaces but also adjusts to fit any size long gun.

K-Zone Shooting Rest

We all know that every box of ammo should be checked for point of impact and re-sighted in. The K-Zone Shooting Rest is the tool you need for better accuracy. Designed for precision sighting in of rifles and for testing ammo and reloads. Rock solid performance from a lightweight fully adjustable rest.

Shoulder Gard Rifle Rest

The Shoulder-Gard Rifle Rest is a recoil reducing rest. By utilising the integrated recoil-reduction sling, shooters are able to relax and shoot more comfortably, knowing that less recoil from the gun is going to be felt. The recoil reduction sling does not have to be used with lighter calibre rifles.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Sights & Trail Cameras

Trail Cam by Tasco

This camera is designed to record animal activity in the outdoors with its still image and movie modes and weatherproof, rugged construction.

Trail Cam Black LED by Tasco

The Tasco Trail Cam is a digital scouting camera. It can be triggered by any movement of game in a location, detected by a highly sensitive Passive Infra-Red (PIR) motion sensor, and then take high quality pictures (up to 6MP still photos), or video clips.

Proof Cam 01 by Primos

Primos Proof Cams simplify our time in the woods. They have been designed without complications we don't need, simply a trail camera that we can rely on to capture photos and videos. If you want the most reliable, most simple-to-use trail camera money can buy, with all the functions that really matter and none of the extras that don't, you will thoroughly enjoy your new Proof Camera.

Proof Cam 02 by Primos

Electronic Point Sight by Daisy

For most air pistols, air rifles and .22 firearms. Lighted aiming point. Adjustable for windage & elevation. Mounts easily to a 3/8" dovetail rail.

PS22 by Walther

Provides fast and accurate target acquisition, at short to medium distances. Includes a quick-release monopod for Weaver-style rail.

PS55 by Walther

With its high mount, the PS55 is especially suitable for assault rifles and Law Enforcement firearms with fixed front sights. The red illuminated reticle has 7 brightness settings.

Scopes by Richter Optik

All made in high strength aluminium alloy casings with anti-corrosion treatment. Lenses are treated with an anti-reflective agent. The scopes themselves are fog proof, shock resistant & anti-vibration. Flip up scope covers are supplied as standard with every scope (4 x 20 are slip on/off covers) and every scope that benefits from an illuminated reticle includes battery. Each scope is boxed and made to ISO9001:2000 quality.

4 X 20 Illustrated

3-9 X 50AOE Illustrated

4-16 X 50SFN Illustrated

Scopes by Tasco

We are proud to continue our partnership with Tasco for this year. This great range of riflescopes covers all bases, from the budget end Pronghorn series right up to the top-of-the-range Titan series. Each product is backed up by Tasco's ten year warranty.

.22 and Rimfire Scopes

Specially calibrated for shorter distances. Coated optics for bright, clear images. Parallax set at 50yds. .22 scopes are also waterproof with Magenta multi-layered lens coatings.

.22 scopes are available **4x32** and **3-9x32**. Includes mounts. Rimfire scope is **3-7x20**.

Pronghorn Scopes

With a 10% larger field of view than most standard scopes. Magenta multi-coated lenses. Fogproof, shockproof & waterproof. Parallax set at 100yds. Available in **4x32** and **3-9x40**.

tasco®

Golden Antler Scope

With features like high-definition coating on the lenses and waterproof, shockproof and fogproof construction, Golden Antler is a lot of riflescope for the money. 3-9 zoom with a 40mm objective lens and parallax set at 100yds.

World Class Scopes

All the features you could ever want can be found in a World Class scope. Features SuperCon coating for the clearest, brightest images. Waterproof, shockproof and fogproof. Available in:

- 3-9x40** with Illuminated reticle. Parallax set at 100yds.
- 3-9x40** with 30/30 reticle. Parallax set at 100yds.
- 3-9x40** Stainless Steel finish with 30/30 reticle. Parallax set at 100yds.
- 3-9x40** with True Mil-Dot reticle. Parallax set at 100yds.
- 3-9x40** with Vital Zone reticle. Parallax set at 100yds.
- 3-9x50** with 30/30 reticle. Parallax set at 100yds.
- 4-16x40** with Vital Zone reticle. Parallax adjustable 10yds to infinity.

tasco®

Target & Varmint Scopes

The ideal scopes for intermediate, long and extreme ranges! Available in:

- 2.5-10x42** with True Mil-Dot reticle. Parallax adjustable 10yds to infinity.

Bushwacker Scope Covers by Quake

Bushwacker™ Optic Covers employ state-of-the-art polymer technology designed to maximize the product's versatility. These highly stretchable covers are manufactured to fit both ocular and objective lenses and are ideal for firearm and spotting scopes, binoculars and cameras. Four sizes cover 70% of scopes, three more gives you 90%.

Sizes: **1, 3, 4, 5, 6, 7, 8**

Scope Maximiser by Bisley

Gain a proven 15 minutes extra shooting time at dawn and dusk with the Bisley Scope Maximiser. By cupping the eye and obliterating exterior light, this useful accessory forces the eye to adjust to obtain the maximum amount of light through the scope only. Suitable for spectacle wearers and most scopes.

Scope Extension Eyepiece by Bisley

Will fit most 1" scopes.
Two sizes available, **60mm** or **90mm**.

Lens Cleaner by Bisley

Maximises clarity and brilliance. Our formulation is deliberately gentle to ensure that lacquer finishes are not harmed. The non smearing solution will enhance shooting, particularly in low light conditions. The Anti Static formulation will reduce further particles attaching to the lens. 100ml pump spray.

Spirit Levels by Sportsmatch

Eliminates canting of the rifle for enhanced long range accuracy.

Fixed Level
Available for **1"** or **30mm** Sportsmatch mounts.

Swingout Level
Fits all Sportsmatch mounts. The level can swing clockwise or anticlockwise, in and out of position.

Side Mounted Level
Fits all Sportsmatch mounts with M5 (larger) dovetail clamp screws. Visible without moving eye away from scope.

Scope Mount Accessories

Bisley Arrestor/Raiser Block
Raising rail / arrestor block suitable for guns / mounts with 9¹/₂ - 11¹/₂mm dovetail fitting.

Tikka/CZ Adaptors
15mm - 9¹/₂mm dovetail adaptor rail allows any of our mounts to be fitted to Tikka, CZ527 and early Brno .22 rifles.

Torch Mounts

Fits all torches with a 1" tube diameter. The unit replaces the top cap on one of your Sportsmatch mounts so is extremely solid. Alternatively it can be clamped to the scope tube. Available **1"** or **30mm**.

Dovetail to Weaver/Picatinny Adaptors

9¹/₂mm - Weaver / Picatinny adaptor rail. Allows night sights, range finding scopes etc.

Weaver/Picatinny to Dovetail Adaptors

Allows our comprehensive range of 9¹/₂ - 11¹/₂mm mounts to be fitted to Weaver / Picatinny rails.

Special Edition Contoured Rifle / Shotgun Case

Special Edition Double Rifle / Shotgun Case

Rugged look and solid protection, Special Edition cases feature contoured recessed latches, padlock tabs for added security and strong, rigid ribbed construction. This case holds two rifles with high-mount 50mm scopes or two shotguns with accessories. Measures 51.75" x 14.88" x 3.77" internally. Available in **single case** in one outer or **bulk pack** of two loose cases in one outer.

Pro-Max Contoured Rifle Case

This case uses the patented PillarLock which adds crush-resistant strength to the case. It will hold a scoped rifle with a large objective lens. Thick walled construction, heavy-duty latches, moulded-in handles and padlock tabs round out the features. Airline approved. Measures 52" x 10.25 x 3.75" internally. Available in **single case** in one outer or **bulk pack** of four loose cases in one outer.

Pro-Max Shotgun Case

This Pro-Max case is fitted for take-down firearms and utilises the patented PillarLock which adds superior crush-resistant strength to each case. Thick walled construction, heavy-duty latches, moulded-in handles and padlock tabs round out the features. Airline approved. Measures 35.25" x 7.625" x 3.625" internally.

Pro-Max Rifle Case

This case uses the patented PillarLock which adds crush-resistant strength to the case. It will hold a scoped rifle with a large objective lens. Thick walled construction, heavy-duty latches, moulded-in handles and padlock tabs round out the features. Airline approved. Measures 52" x 3.75" x 8.25" internally. Available in **single case** in one outer or **bulk pack** of four loose cases in one outer.

Gun Cases by Plano

Pro-Max Double Rifle Case

This case uses the patented PillarLock which adds crush-resistant strength to the case. It will hold two scoped rifles with large objective lenses. Includes four security straps to hold guns firmly in place. Thick walled construction, heavy-duty latches, moulded-in handles and padlock tabs round out the features. Airline approved. Measures 52.5" x 16.25" x 4.5" internally.

DLX Rifle Case

This classic case holds a single rifle with high-mount 50mm scope. With an attractive alligator texture, the DLX Series of cases feature strong durable full length piano hinges, a protective aluminum valance, fold-away handles and dual key-lock latches. Measures 47.88" x 8.75" x 3.88" internally.

DLX Double Rifle / Shotgun Case

This classic case is large enough to hold two scoped rifles/shotguns. With an attractive alligator texture, the DLX Series of cases feature strong durable full length piano hinges, a protective aluminum valance, fold-away handles and dual key-lock latches. Measures 51.75" x 13" x 3.875" internally.

All Weather Rifle Case

Plano's All Weather gun cases protect your firearms from damage and the elements. With rugged, industrial strength construction and a continuous Dri-Loc® Seal, All Weather™ cases create watertight and airtight shields that protect your guns even in the most extreme conditions. And with heavy-duty, dual-stage lockable latches and a built-in pressure valve, the cases are designed to withstand the continuous bumping and jarring of airline travel. Now with pluck foam to customise to any firearms. Measures 43" x 13" x 5" internally. Pluckable area measures 39.25" x 10.25".

All Weather Double Rifle / Shotgun Wheeled Case

Plano's All Weather gun cases protect your firearms from damage and the elements. With rugged, industrial strength construction and a continuous Dri-Loc® Seal, All Weather™ cases create watertight and airtight shields that protect your guns even in the most extreme conditions. Famous No.9 solvent, now new synthetic blend to better suit modern firearms, remains the most widely used remover of powder, lead, metal fouling and rust. Available **2oz or 5oz bottle. Also available Bench Rest Copper Solvent in 5oz bottle clamshell or bottle only.**

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Power Airgun Oil by Napier

Provides optimum performance without potential damage to sensitive O rings and synthetic seals. **200ml aerosol.**

Power Airgun Grease by Napier

Guarantees best performance without the risk of damage to thrust washers and seals. **25ml tube.**

Rapid Degreaser by Napier

A powerful cleaning agent suitable for any type of firearm. Very quickly cuts through carbon deposits, old grease and oils. remarkably effective in removing stubborn dirt. **450ml aerosol.**

Oils & Cleaning Solvents

Synthetic Gun Oil by Birchwood Casey

With PTFE lubricant to greatly reduce friction. Will not gum up or lose viscosity. Naturally cleans as it oils. Excellent for lubricating and protecting all metal sports equipment and for many household applications. **4 1/2oz tin** or **10oz aerosol**.

Barricade Rust Protection by Birchwood Casey

Rapidly drives out moisture from firearm metal pores and deposits a transparent protective coating which seals the surface. Will also loosen rusty or frozen parts, as well as a good lubricant and an effective bore cleaner. **4 1/2oz tin** or **6oz aerosol**.

Barricade Take Along Packs by Birchwood Casey

Impregnated cloths for quick and easy protection whilst out in the field. Box of 25 individual cloths.

Cleaner Degreaser by Birchwood Casey

Specially formulated to remove dirt, fouling, grease and oil quickly and easily. It's a safe, easy and effective way to clean your firearm thoroughly or as a preparatory cleaner for blueing or browning. **3oz bottle** or **10oz aerosol**.

Gun Scrubber by Birchwood Casey

Synthetic safe firearm cleaner. Cleans fast and will not harm firearm plastics, wood, laminates, composites, rubber grips or any other material used in the construction of today's firearms. Even camo finishes are completely safe. **10oz aerosol**.

Bore Scrubber by Birchwood Casey

Quickly, easily and safely removes all types of fouling – carbon, powder, copper, lead and plastic wad residue. Contains no highly toxic ingredients and is safe for use on steel. Solvent clings to and penetrates neglected or fouled bores. **10oz aerosol** or **11.5oz foaming gel aerosol**.

Muzzle Magic Cleaner by Birchwood Casey

Effectively dissolves powder residue and loosens any metal traces for easy removal. **16oz bottle**.

Choke Tube Lube by Birchwood Casey

Prevents stuck choke tubes caused by corrosion, high stress of steel shot loads, extreme temperatures and pressure. **3/4oz tube**.

Gun Barrel Cleaner by Phillips

Nitro powder solvent and de-leading agent. **100ml aerosol**.

English Gun Oil by Phillips

NATO approved. Cleans, protects and lubricates. **150ml aerosol**.

Water Repellent Gun Oil by Phillips

Protection for external gun parts in wet conditions. **150ml aerosol**.

Molybdenum Gun Lubricant by Phillips

Use on metal bearing surfaces, hinges & actions. **100ml aerosol**.

Gun Oil

For lubrication and protection. **125ml aerosol**.

Gun Care & Cleaning Products

Gunsmiths Maintenance Centre by MTM

Each removable fork has two height adjustments to hold firearms level, upright or upside down. Compartments are provided for your bottled cleaners to prevent spills. There is so much room in this case, you can carry and store all your gun cleaning supplies in one convenient place.

Shooters Range Box by MTM

Sporting a gun cleaning kit on top with a rifle maintenance cleaning stand base. This setup is a must have for breaking in a new barrel, testing loads and sighting in rifles. The gun cleaning kit top section offers lots of divided space for jags, brushes, solvents...etc, keeping items sorted and organised.

Tactical Range Box by MTM

All the features of the shooting range box plus this one comes with AR 223 size magazine well fork. Works both right and left handed. Sporting a cleaning kit top and cleaning-station base.

Predator Shooting Table by MTM

Standing 30 inches tall and weighing less than 15 pounds, the Predator Shooting Table was designed by shooters. Modelled after a traditional bench rest, the wedge shaped tabletop design provides a comfortable shooting position for either left or right-handed shooters.

Shooters Case by Plano

Roomy case with two lift-out trays. Durable latches and a comfortable handle. Measures 14.75" x 6" x 9" internally.

Extra Large Shooters Case by Plano

Deep storage with lift-out tray. Durable latches and a comfortable handle. Measures 18.5" x 9.5" x 8.5" internally.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

High quality Green/Brown reversible. Strong and hardwearing. Available in:
10' x 5'
20' x 5'
Bulk Roll 256' x 8'

Camo Netting

Same as the Scrim, but with good quality nylon netting interwoven for extra strength. Available in:
10' x 6'
20' x 6'

Realtree Camo Scrim

Realtree Hardwoods Green HD. Lightweight. 10' x 7'.

Ghillie Suit

Comfortable bug proof netting. Hand washable. Made from durable light weight polyester. Rot/mould and fire resistant. 3D leaf like foliage. Quiet and rustle free. Will suit size M/L.

Game Calls

Illinois River Valley Calls - Dave Jackson "DJ Calls"

Dave Jackson brings more than 27 years of call making experience with the former P.S. Olt Co Inc of Pekin, IL. Dave has been instrumental in the manufacture of many successful calls and as such has been an avid duck, goose and deer hunter for over 30 years. His judgement has also been requested in duck and goose calling contests for many years.

Long Range Predator Call

Produces the quavering screams of a rabbit-in-distress with real volume for long range calling.

Close Range Predator Call

Specifically designed for close-in calling. By biting down it can be muted down to barely audible squeaks and cries to coax predators those last few yards.

Sandridge Dual Voice Fox Call

Injured animal sound. The call has a dual voice. One is a long range and the other one is a squeaker for short range. A great all around predator call.

Sonderman 66 Duck Call

Developed in 1960 by call maker Al Sonderman, this single reed #66 duck call is one of the most remembered duck calls ever made.

Woodford Double Reed Duck Call

Designed for great volume in duck calling. The call is good for soft close in calling and chattering as well.

Ricelake Teal Duck Call

Produces a kack kack kack sound for turning the teal back to your decoy spread. Great volume and easy to operate without using much air.

Blue Lakes Canada Goose Call

This conventional style goose call has a longer bell and a larger tonal bell hole which produces a low Canada goose sound.

Grey Lag Goose Call

This call is made to produce the low coarse sound of the Greylag goose.

Pink Foot Goose Call

This call is made to produce the high pitch sound of the Pinkfooted goose.

Scotch Shaker Calls

These calls work on a bellows system with an accordian type hand movement. Simple and easy to use, producing realistic sounds. Available calls for **Predator, Goose, Duck and Crow**.

Game Calls by Primos

Ask any hunter who makes the best game calls and chances are you'll hear the name Primos. From a gleam in the eye of a young boy who was fascinated with calling in ducks, Primos Hunting Calls has grown into a major force in the hunting industry.

NEW

Squirrel Buster

From the distress squeal of a young squirrel to the chatter of fox and grey squirrel, this call does it all.

Pheasant Call

Specially designed reed for super-loud and raspy cackles. Great for locating and flushing cock pheasants.

Power Crow

Perfect for calling and hunting crows. The LOUDEST crow call available.

Raspy Coaxer

Two calls in one. Reproduces screams of rabbits or squeaks of rodents.

Mouse Squeeze

Great close-range coaxer, requires minimal hand movement.

Still Jackrabbit

Hands-free option. Reproduces whines, whimpers and screams of a jackrabbit in distress.

Still Mouse Squeaker

Reproduces the sounds of field mice and other rodents. Great for attracting predators close.

Wind Checker

A perfect mist of unscented powder gives minute-by-minute update on wind direction and your scent. 2oz bottle.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Game Calls & Lanyards

Game Calls by 

Acme whistles & calls are manufactured in England and every call is tested and guaranteed. Each Acme call includes easy to follow instructions.

505 Predator Call

High volume for distance. With sensitive reed giving easy control for quieter, muffled cries and those last few yards.

504 Predator Warbler

A blow and suck whistle that makes the quiet sounds of a bird or injured small animal. Used for very close work "brings the Fox right up to the gun".

506 Hardwood Rabbit Squeal

High volume for distance. With sensitive reed giving easy control for quieter, muffled cries and those last few yards.

507 Hardwood Predator Call

High volume for distance. With sensitive reed giving easy control for quieter, muffled cries and those last few yards.

Crow Call

By squeezing with the teeth during blowing it will produce the call of young and old crows.

Jay & Magpie Call

Call produced by cupping the base and blowing across the mouthpiece.

Duck, Teal & Widgeon Call

Produces good mallard, teal and widgeon calls. Excellent quack. Available **Standard Plastic, Wooden or Plastic with Rubber Grip.**

Pigeon & Dove Call

Soft, gentle blow, dying down to produce familiar "coo-oo".

Other Calls

Rabbit Squealer by Helen Baud

Simple but effective call from France.

Mouse Squeaker by Helen Baud

Simple but effective call from France.

Widgeon Call by Helen Baud

Simple but effective call from France.

Economy Brass Widgeon Call

Economy Teal Call

Dog Training Equipment

Dog Dummies by Bisley

The Bisley dog dummies are of exceptional quality and represent good value. Each dummy is individually wrapped and header carded for display purposes. All dummies will float for a reasonable time, with the exception of Hare / Goose.

1/2lb Puppy Dummy

Soft inner. No toggle to prevent puppy from chewing. Light colour for easy marking. Available in **green** or **orange**.

1lb Standard Dummy

Quality canvas with plastic toggle. Very good value. Available in **green** or **orange**. Green also available **loose in boxes of 50**.

2lb Hand Dummy

Quality canvas with plastic toggle.

1lb Advanced Dummy

Firm box folded. 14oz canvas. Dark Olive colour to encourage the dog to use its nose.

Hare / Goose Centre

3lb centre. Will link with Standard Dummy at each end to teach central retrieve.

Furry Dummy

1lb canvas dummy with rabbit fur cover. Essential for introducing the dog to game.

DeadFowl Dummies by Dokken

Developed to teach dogs how to properly hold and carry all game birds. This is achieved by making them hard on both ends with a soft, durable, scent-injectable body with a life-like look and feel. The hard free-swinging head disciplines unwanted aggressive head shaking by delivering a sharp wrap to the snout of the dog. This patented design is the foundation for all our Dokken's™ DeadFowl Trainers.

Dead Fowl Pheasant

Dead Fowl Greenwing Teal

Dead Fowl Mallard

Dead Fowl Chukar Partridge

Dead Fowl Red Grouse

Dead Fowl Canada Goose

Corkscrew Dog Tether

The giant screw enables it to be safely fastened into the ground and the revolving attachment for the lead means that your dog will not get tangled up.

Rabbit Fur Skin

Rabbit fur skin, cured and prepared for adapting existing training dummies or other equipment.

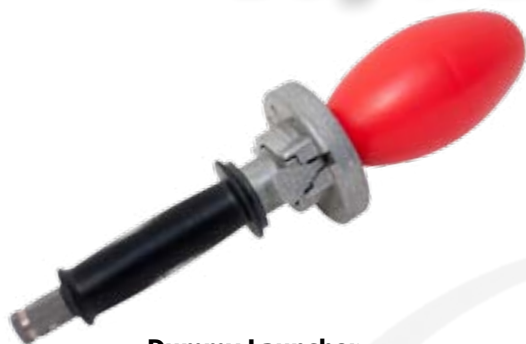

Key Shackle

Heavy duty. Nickel plated. Sold on cards of 12.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Dog Training Equipment

Dummy Launcher

Robust high powered launcher. Includes internal cartridge extractor. Proofed. Comes complete with Red plastic dummy so if the dog can't find it, you can!

Canvas Dummy for Launcher

Water resistant canvas with anti mould treatment. Aluminium insert.

Plastic Dummy for Launcher

Now with aluminium insert for reduced recoil and longer distances.

Lucky Launcher 2 Dummy Launcher

The Lucky Launcher 2 uses the sound of the shot along with the flight of the dummy for a superior training exercise. The Lucky Launcher 2 has a pistol grip, full length stock and soft recoil pad to make firing from the shoulder or the thigh more comfortable. These features also permit for one handed operation allowing a free hand for throwing double, control of the dog and remotes. All of the hardware is stainless steel with E-Coating painted stock for superior rust and corrosion protection. Includes dummy. UK proofed.

Lucky Line Launcher Dummy Launcher

The Lucky Line launcher is equipped with a reel to retrieve and re-use the shot line. The line is 250ft of 130lb test braided Dracon. After the line is deployed, the reel retrieves the line and at the same time arranges it in the storage bottle tangle free for the next shot. The reel is designed so that there is no bail or lever to open in order for the string to exit the bottle so there is nothing to forget to do before your next shot. The drag is placed on the line during the retrieve with the use of an adjustable lever on the bottom of the reel. The combination of a pistol grip, full length shoulder stock and an aero-dynamic dummy allow for very precise placement of the line everytime. The distance of the shot will vary depending on the weight and style of dummy and the power level of blanks being used. Distance straight up will vary from 40ft to 125ft+. Includes dummy. UK Proofed.

Lucky Launcher Dummies

All launcher dummies benefit from an aluminium insert, milled from solid aluminium to ensure greater strength and durability. Canvas dummies are made from foam, coated with 1000 denier water and moisture resistant cordura fabric. Includes streamer "tail". Available in **green or orange**. Plastic replacement dummy for the Lucky Line Launcher also available.

Dummy Launcher Blanks by Vawter

A selection of .22 for use with dummy launchers only. Not to be used in firearms or blank firers. Different colour indicates different level of power. The higher the power, the louder the noise, the further the dummy will travel and the higher the level of felt recoil to the user. Results may vary depending on the launcher used.

- Green** Light power, box of 100 blanks. 50-100ft+.
- Yellow** Medium power, box of 100 blanks. 120-175ft+.
- Red** Strong power, box of 100 blanks. 200-250ft+

Fiocchi .22 Dummy Launcher Blanks

High powered blanks only for use with dummy launchers. Box of 200 blanks.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Recoil Pads

Absorb-All Recoil Pads

Recoil pads made with Sorbothane which combines shock absorption, good memory, vibration isolation and vibration damping characteristics. Available **18mm** or **24mm**.

Microcell Recoil Pads

Lightweight 50-60% lighter than the average rubber pad. Made from expanded technopolymer. Significantly higher recoil absorption.

Limbsaver Recoil Pads

Reduces up to 70% of felt recoil. Simple installation. Built for all weather conditions. Available in the following sizes:

Beretta 5'
Slip on 1/2"
Slip on 1"
Grind to Fit 1"

5³/₃₂" x 1¹³/₁₆" grindable to 4¹/₄" x 5¹/₁₆"

Rubber Slip-on Recoil Pads

Available in sizes **10mm** or **20mm**.

Leather Slip-on Recoil Pads

Elasticated for easy fitting. **Also available with Sorbothane filling.**

Adjustable Recoil Pad

Alloy backed adjustment plate. Multi adjustable for canter and height.

Rifle Pads

Available **12mm Solid** or **18mm Ventilated**.

Finger Trigger Guard

Black rubber with brass fittings.

Solid Shotgun Recoil Pads

Available in sizes **15mm** or **20mm**.

Ventilated Shotgun Recoil Pads

Available in sizes **15mm, 20mm, 22mm, 25mm** or **30mm**.

English Style Brown Recoil Pads

Available in sizes **15mm** or **20mm**.

English Style Tan Recoil Pads

Available in sizes **15mm** or **20mm**.

Old English Solid Recoil Pad

Hard Section Skeet Recoil Pad

Comb Raisers

Rubber stick on. Available in sizes **5mm, 10mm** or **12mm**. 175mm long.

Past Mens Field Pad

This foam pad, worn over the shoulder, absorbs and spreads the recoil impulse, significantly reducing the recoil felt by the shooter. Ambidextrous to suit left and right handed shooters.

Past Ladies Field Pad

Recoil protection which has a comfortable cotton blend cover that easily attaches to a bra strap without removing the blouse or shirt and stays in place with its hook and loop closure system. The result is an unseen protective layer of the PAST recoil absorbing foam for the female shooter.

Cheek Pad Brown

Protects and creates anti-glare finish. Made from Neoprene. **Also available in realtree pattern.**

Butt Cover & Inserts

Reduces recoil. 6mm and 9mm pads included. Made from Neoprene in Realtree pattern.

Stock Shell Holder by Uncle Mike's

Neoprene sleeve stretches over gun stock. Secure elastic loops. Two sizes available:
Shotgun 5 loops
Rifle 6 loops

Clay Pigeon Traps & Launchers

EZ-II Clay Thrower by MTM

Its one-piece design throws clays faster and further than most mechanical throws and it will not break or rust. So easy to use, whether you are right or left-handed, with a little practice, you will soon be throwing jump birds, curves and ground skimmers.

EZ-III Clay Thrower by MTM

The EZ-3's all new "Power Pivot Arm" makes sending clays easier than ever before. People normally lacking the arm strength for hand-held target throwers suddenly find themselves swinging clays as far and true as the big boys. Enjoy hours of challenging, fast paced shooting fun.

EZ MR Clay Thrower by MTM

Designed for high fly over practice to stimulate doves and geese, the EZ Throw-MR long range thrower (targets up to 95 yards) is the fastest thrower we sell. If you can hit this one, you can hit anything.

EZ Double Clay Thrower by MTM

The only hand thrower that can throw birds on top of each other (like a quail covey flush). The EZ Double Throw's amazing design has 10 horizontal and vertical adjustable positions and can be used to throw one or two targets at a time. Can easily throw up to 60 yards.

Competitor Clay Trap by Do-All Traps

Throws singles, stacked or nesting pairs greater distances. Fully adjustable throwing angles. In-frame anchor holes for extra stability when needed, just use large nails, tent pegs, etc. Welded steel powder coated frame.

Backyard 3/4 Cocked Single Clay Trap by Do-All Traps

Effortless cocking that will return automatically three-quarters of the way cocked. Throws targets as singles or stacked doubles. Sliding adjustable clip allows for speed and direction change. The sprocket mechanism allows you to throw targets up to 70 yards in all directions at any angle on all planes.

Raven Electronic Clay Trap by Do-All Traps

Footpedal release with 25 foot cord (adjustable). Adjustable cord lengths using your own 3 prong extension cords. Target auto feeder loads directly to throwing arm. Built-in wheels and pull handle. 50 clay stack with 50-35° launch angles and 2.5 second recycle time. Attachable safety ring guard. Powered by any deep cycle battery.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Archery Kits by Barnett

Lil Sioux/Sherwood Kit

Soft touch grip, ambidextrous reinforced handle and now in an eye catching colour. Kit includes two arrows, finger roller and adjustable sight. 15lbs draw weight. 18-22" draw length. New packaging doubles up as a bow case.

Archery & Crossbows

Crossbows by Barnett

Barnett are the leading pioneers of modern crossbow technology, and we are proud to have the responsibility for their UK distribution. The Barnett range is designed to perform for the discerning shooter. Each crossbow is supplied as the bow only without accessories, unless otherwise stated.

Buck Commander Recurve

150lb draw weight. 245 FPS. Features Barnett custom composite laminate limbs and anti dry-fire trigger safety system. Lightweight skeleton stock, complete bow weighs just 6.5lbs. 20" arrow length. Complete package includes quiver, bolts and Red dot sight.

Recruit Youth Light Series

The ideal range to introduce youths and ladies to the sport. Each model includes accessories. Three models available:
Recruit Youth Light 30 Draw weight 30lbs, 140FPS. Yellow.
Recruit Youth Light 60 Draw weight 60lbs, 195FPS. Green.
Recruit Youth Light 100 Draw weight 100lbs, 256FPS. Sand.

Recruit Compound

140lb draw weight. 300 FPS. Features Barnett custom composite laminate limbs and anti dry-fire trigger safety system. 20" arrow length. Complete package includes quiver, bolts and Red dot sight.

Jackal

150lb draw weight. 315 FPS. Innovative stock design with divided foregrip for comfort. Supplied in a kit including quiver, bolts and Red dot sight. Fantastic value for money. 20" arrow length.

Raptor FX

150lb draw weight. 330FPS. Features include adjustable butt pad and lightweight composite stock. Lightweight bow weighs just 6.5lbs. 18" arrow length. Supplied in a package including quiver, bolts and sight.

Wildcat C6

125lb draw weight. 320 FPS. Features a magnesium riser and composite flight track. 20" arrow length. Package includes quiver, bolts, rope cocking device and red dot sight.

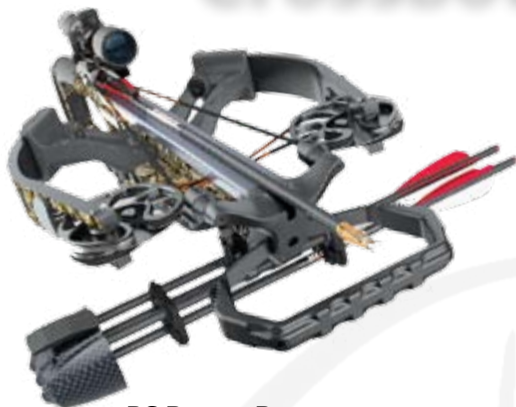

Quad Edge

125lb draw weight. 340 FPS. Features pass-through foregrip, laminated limbs and aluminium riser. 22" arrows. Package includes quiver, arrows, rope cocking device and 4x32 scope.

Crossbows by Barnett

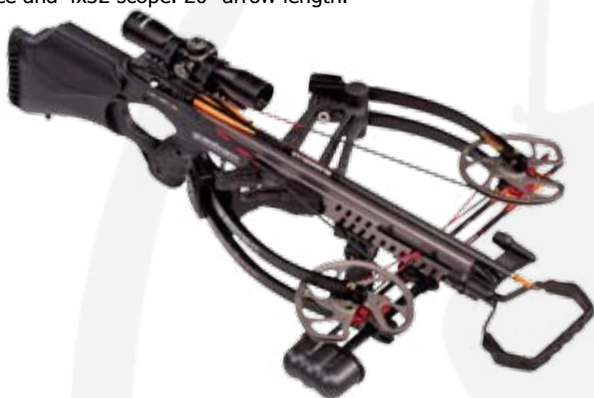

BC Raptor Reverse

150lb draw weight. 330 FPS. Features aluminium flight track, adjustable butt pad, retractable underarm support, carbon riser and reverse limbs. Supplied in a kit including quiver, bolts, rope cocking device and 4x32 scope. 20" arrow length.

BCX Buck Commander Extreme

185lb draw weight. 365 FPS. This extra lightweight model features Barnett's patented Carbon Riser Technology, aluminium flight track, custom composite laminated limbs and HD camo finish. Supplied in a kit including quiver, bolts, rope cocking device and Red/Green 3x32 scope. 20" arrow length.

Vengeance

Ultralight and super strong with excellent balance, the new Vengeance is the first reverse limb crossbow to have a shoot through foot riser. Finished in Black carbon fibre look. Includes quiver, bolts, 3x32 scope and rope cocking device. 22" arrow length.

Ghost 360

165lb draw weight. 360 FPS. One of the lightest bows to come out of the Barnett factory, thanks in part to new CRT Carbon Riser Technology. Weighs just 7.6lbs. Achieve better accuracy with little effort. Includes rope cocking device. Also features AVI limb technology. 20" arrow length. In a package including quiver, bolts and sight.

Ghost 385

185lb draw weight. 385 FPS. 43% lighter thanks to the patented Carbon Riser Technology. CNC aluminium flight track and picatinny rail. 20" arrow length. In a package including quiver, bolts and sight.

Ghost 410

185lbs draw weight. 410 FPS. It may be lighter and faster than its predecessor, the Ghost 400, but the 410 has maintained some of its most impressive features including CRT Carbon Riser Technology, as well as AVI limbs and all new aluminium extruded flight track for the smoothest shot available. 22" arrow length. Package includes crossbow sling, quiver, bolts, rope cocking device and 3x32 scope.

RAZR

185lb draw weight. 400 FPS. Lightweight stock includes retractable underarm counterbalance support and integrated skinning knife. Ultralite CRT riser and carbon stock with titanium side torque plates. Reverse cam system. Adjustable cheek piece. Anti-dry fire trigger safety system. 22" arrow length. Package includes quiver, bolts, rope cocking device, premium illuminated scope and crossbow case.

Crossbow Accessories by Barnett

Crossbow Bolts

Sold in packs of 5 bolts. Also available in bulk boxes of 48 bolts. 20" & 22" lengths. Manufacturer may vary but quality remains the same.

Quiver & Bolts

Includes four bolts in the following sizes:
20" For Jackal and Wildcat C5.
22" For Ghost, Predator, Revolution and Quad 400.

Crank Cocking Device

Reduces cocking tension to 16lbs. Two models available:
To fit Ghost, Buck Commander, Penetrator, Quad 400 and Wildcat C5.
To fit Predator and Revolution.

Rope Cocking Device

Simplifies cocking any crossbow by decreasing the cocking tension by half. Adjustable rope.

Rope Cocking Device/ Multi Tool

Contains four allen keys for use on all Barnett models and most competitors models.

Crossbow Scope 4x32

Multi-reticle scope. Waterproof, shock resistant and allows for shooting at various yardages quickly and easily.

Premium Red & Green Dot Scope

Varying dot intensity. Red and Green dots allow you to keep both eyes open when shooting.

Lubewax

Protects and extends the life of strings. Use after every 5 shots. Pack of three tubes.

Crossbow Case

Soft case for bow and accessories. Designed with comfort in mind.

Economy Crossbow Case (Non-Barnett)

Canvas cover with nylon zip and foam lining. This is not a Barnett product.

Slingshots & Fun by Barnett

Why sell a cheap catapult when you can sell a quality market leading Barnett catapult?

Strike Nine

The Strike Nine features soft touch grip and includes a complete shooting guide.

Black Widow

The Black Widow changed sling shot designs forever with its original concept of the fold away wrist brace allowing for easier storage and portability.

Cobra

The Cobra is revolutionising sling shot designs with performance and one of a kind combination front stabilizer and sighting system. Once you get your hands on the Cobra you'll be slinging ammo down the range all day!

Diablo

The Diablo has a sleek design with a fully detachable wrist brace and our unique contoured soft touch grip. The innovative grip design will keep you shooting for hours.

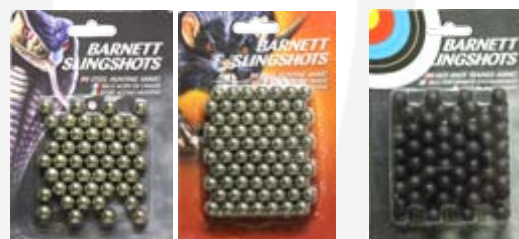

Pro Diablo

The Pro Diablo is a professional grade slingshot a step above the rest. The Pro Diablo comes with a sleek and efficient 3-piece weighted stabiliser system with adjustable sight that allows for lethal accuracy. It's contoured soft touch grip allows for comfort and durability.

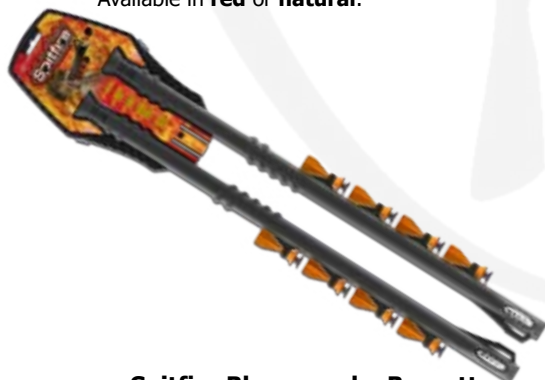

Spare Slingshot Bands

Interchangeable throughout the Barnett range. Available in **red** or **natural**.

Slingshot Ammo

Steel balls in packs of **50** or **140**. "Hot Shot" plastic ammo in packs of 100 balls.

Spitfire Blowguns by Barnett

The hottest new toy since we introduced the Bandit! Two blowguns that feature the one-way mouthpiece to prevent darts being inhaled. Includes 8 darts and multi-colour target. **Spare darts also available.**

Bandit Toy Crossbow by Barnett

The popular Bandit Toy Crossbow is a fun and exciting way to teach valuable hand-eye coordination to the young. This miniature crossbow is an extremely well-built toy that will last for years. The Bandit has front and rear sights and is built to shoot only safety darts with soft suction cup tips. Includes three suction-cup darts and a bright multi-colour target. **Spare darts also available.**

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Knives by Victorinox

Victorinox pocket tools incorporate more than a century of tradition and experience. In 1884, the original knife workshop was established by Karl and Victoria Elsener and the first delivery of knives to the Swiss Army was made in 1891. When Karl Elsener created the "Original Swiss Army Knife" in 1897, he could never have imagined that this would become the symbol for quality, functionality and Swiss inventive talent all over the world. Nowadays, the "Swiss Army Knife" enjoys international protection and, more than any other product, stands for the world-famous "Swiss Made" label of quality.

Outdoor Accessories

S-Biner Steel by Nite Ize

Double gated carabiner made of high-quality, weather resistant stainless steel. This ultra-handy accessory with its dual spring gates will hold, secure and connect everything from house keys to technical camping gear. Available in different sizes to suit a wide range of applications:

- Small** 5cm x 2.1cm. Weight rating 4.5kg.
- Medium** 6.8cm x 3cm. Weight rating 11kg.
- Large** 9cm x 4cm. Weight rating 34kg.

CamJam Small by Nite Ize

Lightweight, easy to use and designed to lock securely into place with a simple pull of its attached bungee cord. These adjustable CamJam Bungee cords makes securing smaller bundles a cinch. Each is sold in a twin pack with rope.

- Micro** 3mm cord, adjusts from 9cm - 35.6cm.
- Small** Fits rope sizes 1.8mm-3mm. Supplied with 3.7m x 2.4mm rope.

CamJam Large by Nite Ize

An easy, knot-free way to tighten, tension and secure loads. Simply anchor the caribiner to any hook, D-ring or loop and feed your cord through the cam until you have reached the desired level of tension. Pull firmly and the cam locks into place and stays that way until you release it by rotating the cam. Fits rope sizes 2mm - 5mm. Sold in a twin pack with rope measuring 2.4m x 3.5mm.

CamJam XT by Nite Ize

The ultimate tie-down tool to make light work of securing your heavier loads. Allows you to tighten, tension and secure heavy loads simply by pulling your rope or cord through the cam mechanism to secure. Made of durable aluminium and fits rope sizes 2mm - 5mm. Sold in single pack with 16ft 550 paracord. 45kg load limit and a break strength of 136kg.

CamJam Tie Down Strap by Nite Ize

When you have heavy loads to bear, keeping them secure and exactly where you want them is critical. The CamJam Tie Down Strap was built for functionality, ease of use and ultra-security for your heavier loads. It is easy to achieve high tension, adjust and control the release without sudden, dangerous unloading. Supplied with high strength 1" waterproof webbing straps. Working limit is 318kg, break strength is 953kg. Available with **6 foot**, **12 foot** or **18 foot** strap.

StormForm by Stormsure

70g pack of white StormForm granules. Put the granules in a cup and add boiling water. They melt together and turn transparent. Remove from the hot water and you can mould the liquid plastic into any shape you want with your bare hands. You can also melt it with a hair drier. Perfect for replacing zip handles, moulding grips, etc. See our website www.bisley-uk.com for a video demonstration.

Torches by MagLite

Since 1979, MagLite® flashlights have been synonymous with built-in-America quality. Every flashlight they build represents the culmination of more than 35 years of research, development and refinement. Anthony Maglica founded a one-man machine shop in 1955, named Mag Instrument. The company produced its first flashlight in 1979. Before long, police officers, firefighters and mechanics were raving about the tough, durable and dependable flashlight that would soon become an American classic.

Solitaire

Weighing less than one ounce (with battery) and about three inches in length, the Solitaire 1-Cell AAA flashlight offers the same precision engineering and craftsmanship found in every Mag-Lite flashlight.

Incandescent 2 lumens, 20m distance.
3hr 45mins run time.
LED 37 lumens, 61m distance.
1hr 30mins run time.

AAA Mini Maglite

Until its inception, no flashlight of this size incorporated the features, functions, and unique design elements of the Mini Maglite flashlight. Now an icon of classic American design, and famous around the world for its brightness, quality, durability, and dependability. The Mini Maglite 2-Cell AAA flashlight has all the same features and functions as the Mini Maglite AA flashlight in a smaller, lighter version for ease of use and storage.

Incandescent 9 lumens, 31m distance.
2hr 30mins run time.
LED 87 lumens, 116m distance.
5hr run time.

AA Mini Maglite

Until its inception, no flashlight of this size incorporated the features, functions, and unique design elements of our Mini Maglite AA flashlight. Now an icon of classic American design, and famous around the world for its brightness, quality, durability, and dependability.

Incandescent 14 lumens, 96m distance.
5hr 15mins run time.
LED 97 lumens, 145m distance.
11hr run time high,
32hr low.

2D ML300L LED

Whether you're a professional using a flashlight for work or security, an outdoor enthusiast, or an occasional user wanting it for emergencies at home or on the road; the New Maglite ML300L LED D-Cell flashlight is the light for all your needs. Multi mode operation and spot-to-flood advanced focus system. 524 lumens, 366m distance. 6hr 30mins run time on high, 20hr low and 69hr eco.

3D ML300L LED

Whether you're a professional using a flashlight for work or security, an outdoor enthusiast, or an occasional user wanting it for emergencies at home or on the road; the New Maglite ML300L LED D-Cell flashlight is the light for all your needs. Multi mode operation and spot-to-flood advanced focus system. 625 lumens, 406m distance. 16hr run time on high, 77hr low and 117hr eco.

Magcharger LED

Rechargeable system with "Quick Click" system to select between modes of full power, low power and eco mode. The improved, faster-handling focus system now adjusts from spot to flood with less than 1/4 turn of the head. 643 lumens power, beam distance 407m. 4hr run time on high power mode, 17hr on low and 37hr on eco. Kit includes rechargeable flashlight, charging cradle, NiMH battery, 12v vehicle adaptor, 240 volt converter and 230 volt euro plug. Limited lifetime warranty (one year battery pack warranty).

Accessories

AA Scope Mount

For mounting AA MagLite onto 1" scope tubes.

Spare Bulbs

Spare bulbs for all incandescent MagLite torches.

Torches by Led Lenser

LED LENSER®

Why should you buy Aigle Boots from John Rothery Wholesale?

- Stock the best**

The Aigle Parcours 2 ISO boots are one of the best selling neoprene lined rubber boots in the World.
- Don't lose sales**

Our stock levels are extremely high. During 2012 we were never out of stock of one size of any model of boots for more than one week. We continued in this vein ever since. In 2014 95.1% of Aigle Boots were in stock at all times, with all sizes of our best selling Parcours 2 ISO in stock 98.8% of the time.
- Don't overstock**

Use us as your extended warehouse. With next day deliveries possible there is no need to keep expensive high stock levels taking up space in your storage or on your shop floor.
- What you want, when you need it**

No forward orders necessary and no minimum order quantities on any boots in our catalogue. If the professionals can't predict the weather correctly, how can we expect you to?
- Excellent customer service**

Our Sales Team are on hand to answer any queries you may have. Aigle boots are covered by a one year guarantee which we honour. If the boots are faulty within one year of purchase then we repair or replace free of charge with no quibbles.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

Tenzing Bags

Tenzing gear is engineered to push limits to help hunters go further, hunt longer and become legends. All hunting packs are constructed with Dyneema reinforced strength panels. Dyneema is acknowledged as the world's strongest fibre, fifteen times stronger than steel yet light enough to float on water. Each pack also features simple and silent access to every pocket, expandable compartments and compression straps to tie gear down and help to carry heavier loads. Each Tenzing bag is packed in its own premium POS display box.

TZ 930

Adjustable to fit vertically around the shoulders and horizontally around the waist, the TZ 930 provides a complete custom fit. Add to this its eleven organisational compartments and four compression straps for attaching extra gear, and you have a pack that can be tailored for any hunt and hunter. In Max 1 Realtree pattern.

TZ 1140 Max 1 Realtree

The TZ 1140's unique sling design allows hunters to carry all essential gear while never missing an opportunity to take a shot. Included are twelve total compartments that account for 1,144 cubic inches of storage space and a specialised bow clip and quiver mount. All these features weigh in at just over 2lbs. Other features include exterior sling pocket, breathable mesh back pad and front-mounted range finder case. It is also compatible to take a 2-litre hydration pack.

TZ 1140 Loden Green

TZ 1200

For hunters looking for a lightweight solution to comfortably carry a water supply and their essential gear, the TZ 1200 is the perfect pack. Its low profile design and eight organised pockets and make it ideal for treestand or day hunting. It is also compatible to take a 2-litre hydration pack. In Loden Green colour.

TZ 1250

The TZ 1250 allows you to fit a surprisingly large amount of gear into a compact lumbar pack. With 1,250 cubic inches of storage space and sixteen total compartments, this advanced design allows you to carry all your essentials while maintaining upper body mobility. Also features fold out gun carrying boot and is compatible to take a 2-litre hydration pack. In Loden Green colour.

TZ 2220

With storage capacity over 2,220 cubic inches and a total weight of just 4lbs, you may find that the TZ 220 is a pack you can't hunt without. Loaded with eleven specialised compartments and the ability to attach additional gear, this advanced pack can be completely customised for your individual hunting needs. Features fold out gun carrying boot and rain cover and is compatible to take a 2-litre hydration pack. In Max 1 Realtree pattern.

2l Hydration Pack

Can be fitted to the TZ 1140, TZ 1200, TZ 1250 and TZ 2220 models. Perfect for long days stalking or out in the field to keep the body hydrated.

Buff Headwear

The Original and still the best - so uniquely versatile that it can be worn in a wide variety of ways for protection, comfort and FUN! Each item of BUFF® headwear is multifunctional and designed to keep you warm in cool weather and cool in warm weather. Most BUFF® headwear can be machine washed and the microfibre products are treated with Polygiene® to remain fresh as the silver ion prevent the build up of bacteria in the fabric. BUFF® Headwear products are certified to meet Oeko-Tex Standard 100 and will not lose their elasticity, are colour fast and will not fade.

Merino Wool BUFF®**

Grey

Polar BUFF® is basically an Original BUFF® with a cylindrical piece of Classic Polartec® fleece sewn to one end. On the Mossy Oak model, the Polartec® fleece is sewn inside. In cold weather, Polar BUFF® will help to maintain body temperature and prevents heat loss. Super soft to the touch, you will love wearing Polar BUFF®. Made from 100% polyester microfibre and Polartec® Classic fleece.

The 100% Merino wool in Wool BUFF® keeps you warm in the cold, wicks moisture to keep you cool when it's hot and being naturally anti-microbial, does not start to smell after wear. This natural fabric is super soft, odour resistant, water repellent and offers some UV Protection. Seam free with a flat hem at each end.

**Mossy Oak
Obsession**

High UV Protection

Made with Coolmax® Extreme, High UV Protection BUFF® will wick moisture (sweat) away from your skin faster than many other fabrics, making it perfect for every outdoor activity under the sun. Will block at least 93% of harmful UV rays.

Original BUFF® and the Ways to Wear icons are registered trademark properties of Original BUFF SA, Spain.

Camu-2

Black

High UV with Insect Shield®

Made with Coolmax® Extreme, High UV Insect Shield BUFF® will wick moisture (sweat) away from your skin faster than many other fabrics whilst offering protection from pesky insects and bugs. Treated with Insect Shield® technology to give you long lasting protection from flying bugs and insects.

Military

Black

Hood BUFF®

Combining Gore Windstopper® with a double layer of soft and stretchy polyester microfibre fabric, Hood BUFF® offers optimal warmth and protection from cold wind. The adjustable drawstring allows the Hood BUFF® to be fitted to the head as required. A great complement to a soft shell or other hoodless jacket or mid/outerlayer.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire PO7 7XX

© JOHN ROTHERY (WHOLESALE) CO. LTD.

We moved into our new premises in February 2012. Why not visit our brand new showroom, where you get a unique chance to fully analyse the products and service we can offer you in a private and relaxed atmosphere.

We have over 6,000 product lines and your requirements are as individual as your personality and the business you control. None of us can fully utilise the mutually beneficial opportunities of supply and demand in a phone call, a shop visit or even a show. There are simply too many interruptions, not enough privacy or simply no time.

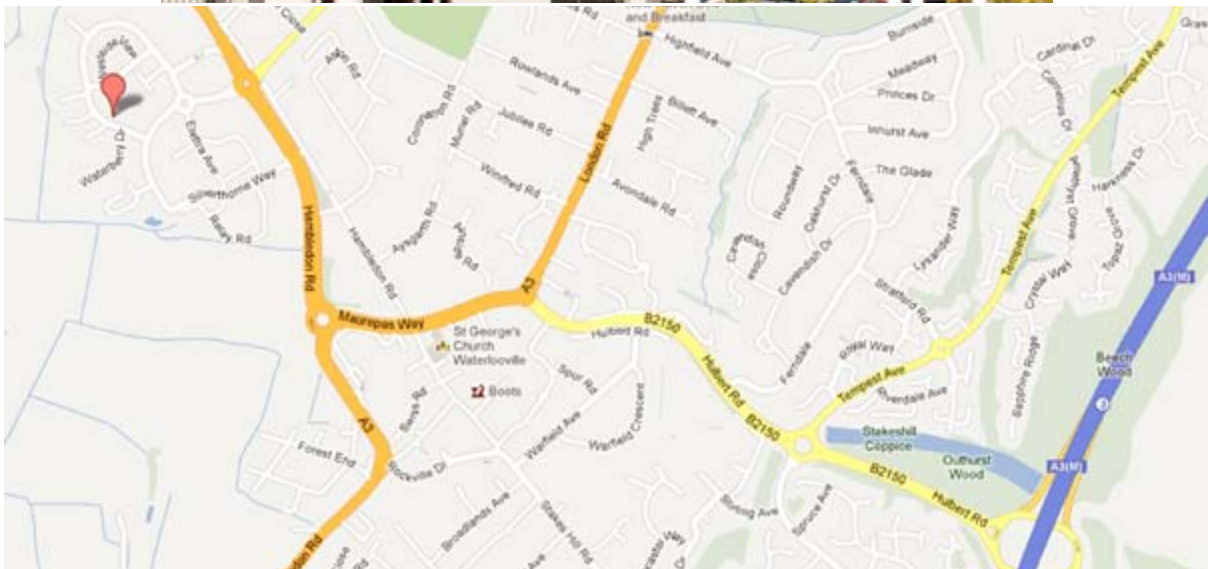

The time issue is probably our biggest shortage. Few of us can spare the work time and personal time is just that, personal. However an open minded visit to us will save you substantial administration and therefore time.

"It's money I want to save" we hear. Well, as they say "time is.....", but in addition we offer 2.5% on collection, with the possibilities of further discounts throughout the year.

In addition to all of the above we often have a varied "02" or "shop soiled" section with substantial one off savings.

Visit us just once, it will be the best time you spend!

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire, PO7 7XX.

HOW TO GET HERE

BY ROAD

From the SOUTH

A3(M) Junction 3 marked Waterlooville. First exit onto Hulbert Rd. At the roundabout, take the 2nd exit to continue on Hulbert Road. At the next roundabout, take the 1st exit onto the A3 Maurepas Way. At the next roundabout, take the 3rd exit onto the B2150 Hambledon Road. Continue to the next roundabout, then take the 1st exit marked Brambles Business Park. At the next roundabout, take the 2nd exit heading straight ahead. Take the first right, marked Waterberry Drive. From here, you will see our large "Bisley" logo, we are on the left, after approx 200 yards.

From the NORTH

From the M25 take junction 10, A3 South. Continue along A3 until the A3(M). Then directions as above.

From the WEST

From M27, continue on to A27. Keep left to join the A3(M). Then directions as above.

From the EAST

A272 (Midhurst) at junction with A3. Join A3 southbound marked Portsmouth. Continue along A3 until the A3(M). Then directions as above.

BY AIR

Heathrow and Gatwick are about 1 1/2 hours by road, within 24 hours notice we can arrange for a car to meet clients.

BY RAIL

1 hour from London (Waterloo) on arrival at Havant station please telephone us and we will have you collected within 10 minutes.

John Rothery (Wholesale) Co. Ltd., Rothery House, Waterberry Drive, Waterlooville, Hampshire, PO7 7XX.

John Rothery Wholesale is now in its forty-fourth year of growth and reinvestment. We are proud of our reputation, structure and technical abilities. However, our greatest and most valued assets are the people who made us "Supplier of the Year" through the competition's history in Tackle and Guns.

We pride ourselves on our high levels of customer service, contributed to by each department within our organisation. Our Sales Team are your first point of contact. You have one member of our team allocated to your account, that Rep will keep in contact with you throughout your order process or enquiry. No job is too big or too small for our team and each task is handled with the same urgency. Our Warehouse team are trained to efficiently pick and pack each order, as well as deal with the constant flow of deliveries and dispatches. Our Accounts team provide clear and simple information where required and will be on hand to deal with any queries as quickly as possible. All other departments including Purchasing, Marketing, I.T, Pre-Packing and Manufacturing all work hard behind the scenes to ensure we maintain our high levels of service to you, our most valued customer.

Everyone at John Rothery Wholesale is committed to the importance of correct detail. It is this attention to detail, regardless of value, size or position that gets the job done efficiently. We do what we say, when we say "it will be done".
